PROFESSIONAL SUMMARY

Highly skilled Java developer specializing in Spring Boot, Microservices, and Cloud Native solutions. Proven track record in designing and developing robust web applications. Expertise in building scalable microservices, managing Kubernetes deployments, and optimizing database performance. Passionate about creating efficient solutions and continuously improving development processes.

TECHNICAL SKILLS

- Languages: Java 8, JavaScript, SQL
- Frameworks: Spring Boot, Microservices, DAPR, Kafka, Hibernate
- Cloud & DevOps: AWS (Lambda, CloudFormation), Azure, Kubernetes, Docker, Jenkins, Helm
- Databases: PostgreSQL, Oracle, Redis
- Frontend: HTML5, CSS3, jQuery, Flutter
- Tools: Git, Maven, Postman, IntelliJ IDEA

PROFESSIONAL EXPERIENCE

Tata Consultancy Services   *Apr 2025 - Present*
System Engineer
- Designed and implemented RESTful APIs using Spring Boot, ensuring scalable and secure solutions.
- Developed APIs with Java and Spring Boot, applying industry best practices for data retrieval and authentication.
- Integrated Flutter with Spring Boot to build mobile applications, utilizing Dart for responsive development.
- Ensured smooth data synchronization and optimized user experience with Flutter's reactive programming.
- Applied best practices for error handling and created well-documented APIs for easy integration.

Behindforce Technologies (Sub. of QIC)   *Jun 2021 - Feb 2025*
Software Engineer
- Designed and deployed microservice-based architectures using Spring Boot and DAPR.
- Implemented event-driven pipelines with Apache Kafka, improving data flow efficiency.
- Managed Kubernetes deployments locally via Minikube and in staging clusters using Helm charts.
- Optimized PostgreSQL schemas for high-performance transactional systems.
- Integrated FeatureHub for remote feature flag management.

Behindforce Technologies (Sub. of QIC)   *Nov 2020 - Jun 2021*
Trainee - Software Engineer
- Developed and maintained web-based insurance management systems using Struts 2, JSP, HTML, CSS, and jQuery.
- Integrated external services and payment gateways.
- Collaborated with business analysts to translate requirements into functional specifications.

EDUCATION

The New College   *2023*
M.Sc (Information Technology)

The New College   *2021*
B.Sc (Computer Science)

CERTIFICATIONS

Microsoft Certified: Azure Developer Associate

Issued Dec 2025 | ID: EE6C0413896F007A

AWS Certified Developer - Associate

Active | ID: 788b2e76a24e47ee9fc3e34c41700164
